

## TAYLER RAMSAY

York, PA - (717) 578-3243 - ramsay.tayler@gmail.com

LinkedIn: <https://www.linkedin.com/in/tayler-ramsay/> - Portfolio: Design Systems Work

## CREATIVE AI ENGINEER & SYSTEMS THINKER

Senior AI Designer & UX Engineer with 24+ years of experience at the convergence of technology and storytelling. I specialize in building intelligent agents, prototyping LLM-based creative tools, and crafting design systems that scale across cinematic, enterprise, and marketing interfaces. My work blends utility with emotion, bringing the magic back into digital experiences.

## CORE SPECIALTIES

- Generative AI - Prompt Engineering - Narrative UX
- LLM Fine-Tuning (GPT, Claude, LLaMA) on Lambda Labs, RunPod
- Real-Time Agent Systems - Motion & Visual Interaction Design
- AI Design Systems - UX for Creative Tools - A/B Testing
- Tools: Figma, After Effects, Framer Motion, OpenAI API, Python, TypeScript, React, Next.js

## MOONVALLEY-ALIGNED PROJECT HIGHLIGHTS

- MindPattern Mental Health Agent: Narrative-focused agent that listens and responds empathetically to help track mood trends.
- AI Email Pilot: Built a generative agent that composes, prioritizes, and scores email sequences using prompt chaining.
- Design System Monitor: Live agent that flags inconsistencies in enterprise UI using ML-powered screenshot comparison.
- Story UX Toolkit: Internal prototyping suite using AI to help designers sketch character arcs and brand stories via text and motion.
- Interactive Product Promos: Real-time creative tooling for video overlays and dynamic onboarding microsites.

## RECENT EXPERIENCE

Versatile Credit - Mechanicsburg, PA (Hybrid)

Senior UX Designer / AI Engineer / Innovation Lead, Apr 2019 - Present

- Led the evolution of enterprise products into creative-friendly, AI-augmented tools for internal teams and clients.
- Implemented LLM-based QA, training, and documentation assistants.
- Built and maintained design systems with embedded accessibility checks and animated interaction components.

#### Independent AI & UX Consultant - Remote / 2020-Present

- Designed storytelling and prompt-first tools for solo founders, AI startups, and early-stage entertainment tools.
- Delivered multi-modal prototypes blending OpenAI, Whisper, Tesseract, and animation engines.

#### Glatfelter Paper & Pavone Marketing Group - UX & Frontend Dev Roles / 2016-2019

- Built creative digital campaigns and CMS components for marketing clients and corporate teams.

#### EDUCATION & CERTIFICATIONS

- B.A. Visual Communications - Collins College
- A.A. Graphic Design - The Art Institute
- Google UX Design Certificates:
  - UX Foundations - Prototyping - Strategy - Advanced UX - Motion UX
- Self-Directed Study:
  - LLM Fine-Tuning - AI Story Tools - Framer Motion - AutoGen Agents

#### EXTRAS

- Citizenship: U.S. - Remote-First Availability - Clearance: Public Trust Eligible
- Soft Skills: Cross-domain communication, async design, cinematic vision, creative momentum
